Beschrijving

The village of San Miguel de Salinas sits on a hill above the pink Laguna de Torrevieja and offers impressive views over the countryside to this working lake with its salt piles On one hand San Miguel de Salinas does not have beaches itself as it is located in the middle of the countryside But on the other hand the popular Orihuela Costa is only 10 minutes-drive away In fact the weather is excellent It is sure a Mediterranean climate what means more than 320 days of sun on a year To sum up the summers are warm the winters are nice Every Wednesday morning there is a market from 8 00 to 13 00 in the streets of the town The local street market is a very colorful event where you can find food vegetables fruits flowers clothes shoes
